COVID-19 VACCINATIONS AT LITTLE METRA, COLUMBUS

March 10, 2021 – Columbus, Montana. Stillwater Billings Clinic and Public Health are teaming up to get COVID-19 vaccines administered to the public as allocations are received from the state.

Stillwater Billings Clinic and Public Health are partnering to get these vaccines out to the Stillwater community in a timely, efficient, and safe manner.

COVID-19 Vaccination Clinic will take place on Friday, March 12, at the Little Metra in Columbus. Patients who have been contacted and scheduled will receive their COVID-19 from 9 a.m. to 11 a.m. Beginning at noon, COVID-19 vaccination will be available to individuals (may or may not be on the list) who are over the age of 60 years of age. Please do not show up earlier than noon as staff will be working to get the last of the earlier patients out the door. The vaccination clinic will continue for this group until 2 p.m. or when supply runs out.

If you have a pre-existing condition, under the age of 60 and would like to be scheduled, call Stillwater Billings Clinic at 322-1000.

As we work to vaccinate the Stillwater community, we ask that you continue to practice safe social distancing, stay home when not feeling well, continue proper handwashing, and wear masks when possible.
